Clemson, South Carolina 29631	Louisville, Kentucky 40241

SUMMARY

Computer Science major with internship experience working on software development teams. Highly motivated individual eager to learn on the job.

EDUCATION

Clemson University	Clemson, South Carolina
Bachelor of Science in Computer Science	December 2021

- Minor: Business Administration
- GPA - 3.51/4.00

WORK EXPERIENCE

Intern, eBlu Solutions, Louisville, Kentucky   May 2021- August 2021

- Participated in daily stand up meetings with a software team of 8 co-workers
- Wrote and tested C# code to complete various user stories and improve the eBlu portal
- Used Amazon DevOps and Git to collaborate with the entire software team
- Completed 20 side projects to improve skills in C#, HTML, .NET programming, and the MVC framework

Co-Op, Itron, West Union, South Carolina   January 2020 - August 2020

- Monitored 7 routers for various errors using PuTTY, and reported findings to the firmware team on a daily basis
- Wrote and maintained bash scripts to assist with daily testing as well as other activities
- Ensured that bug fixes were behaving as expected following new builds
- Flashed new builds onto 16 routers weekly, and ensured units were configured correctly
- Successfully transitioned to a remote work environment due to the Covid-19 pandemic
